

Announcement from Andy & Sharron McClelland

Our journey intensified last September, where God through a dream made us aware that things ahead would look very different.

You see God uses dreams as one of many ways to speak to us all.

As a result of God's promptings we sensed that 2024 would be a year of change and new doors opening for us as a couple.

The Lord has led us to a doorway that will have us re-locate back to Northern Ireland.

We may be in a different land locationally in the next season. We wanted you to know that we'll still be traveling and ministering in various Nations, churches and with networks that we currently minister with. We will continue our online training and equipping sessions. This means you will still be able to follow and connect with us in this new season.

Freedom Fire Ministries:

Our details remain the same, so you will still be able to send us an email, follow us on Facebook, either on personal pages or on Freedom Fire Ministries page.

We will still be broadcasting "All May Prophecy" and "FFM Revival TV Chats" throughout the year. Our online schools of ministry will continue as usual.

Our website www.freedomfireministries.com will be a great source of information for you as well.

To be a receiver of our news letter, email freedomfireministriesoffice@gmail.com

Father's House:

Our last gathering was on the 7th of January 2024, where we announced the vision for the future and said goodbye to our friends on the ground here in the Christchurch area.

Father's House Facebook group will be open for a while longer. We ask you to, if you haven't already, join us on Freedom Fire Ministries page on Facebook for future updates.

As we say farewell to many friends within this area, we wanted to thank all of you for your support, love and care for us over these many years.

Our memories of here will stay very close to our hearts.

When God speaks, we say Yes and follow Him.

Thank you all and God bless you as you journey in His ways.

Blessings,

Andy & Sharron
