

13th - 19th JUNE

Your involvement in The Turning is really appreciated!

There is no expectation that you will be at every single meeting and outreach session. However if you are planning on coming out on the streets one morning, Tuesday for example, it is preferred that you also come to the evening worship/equipping session the evening before.

If you can commit to the nurturing/discipling of one or more people in the weeks **after** the mission, that is also appreciated – in fact it is a vital part of the mission. If you can make yourself available for the follow-up of people whom we make contact with, please let Pastor Andy know.

You may decide you only want to be involved with follow up and you don't feel you can be involved with the outreach – that is fine.

Alternatively, you may decide you only want to be involved with the outreach and not the follow up. That is also fine!

And you may want to be involved with as much as physically possible – great!

Whatever you decide please let Pastor Andy know your intentions.

The Turning Week of mission

13th - 19th June
